

CPA Associate Membership

Payroll InfoLine Seminars Certification Advocacy

Up-to-date information your organization needs to stay payroll compliant.

Unlimited access to payroll expertise and resources.

Certification, professional development and networking opportunities.

Why is it Important to be Payroll Compliant?

Payroll constitutes one of the largest financial obligations for most organizations and requires compliance with over 200 federal and provincial regulatory requirements. Compliance is crucial, as non-compliance can cause your employer to incur significant penalties and costs.

Benefits for CPA Associate Members

The CPA is committed to providing the payroll-related services that you need to keep your organization compliant and knowledgeable.

Canada's Only Payroll Certification Programs

Get certified and advance your career

Employers recognize the CPA's certifications as the knowledge requirements for payroll positions in Canada. Demonstrate your commitment to the payroll profession and join the thousands of certified payroll professionals in Canada by becoming certified.

- **Payroll Compliance Practitioner (PCP):** The foundation for every payroll position in Canada
- **Certified Payroll Manager (CPM):** Builds on the PCP compliance knowledge and develops management skills
